OTHER COLLEGES LOOK TO OUR PDP 10

Last week, two people from Rider College, Trenton, New Jersey, visited our Computer Center to investigate the programs we are using for registration purposes. Jerald Jordan reported that they were quite impressed and that they are going to use a modification of our program on their system.

Similar inquiries have also been received from a college in Arizona and one in Oregon. As Jerald Jordan said, "Apparently we are far ahead of anyone else having a PDP 10 and word is getting out, so they are coming to li'l ole Gallaudet for help."
